Shubham Kumar Keshri

MCA Student

My career objective is to leverage my strong foundation in programming, problem-solving skills, and passion for technology to contribute innovative solutions to real-world challenges. I aim to secure a position where I can continually expand my knowledge and skills, collaborate with talented professionals, and play a key role in developing cutting-edge software applications. I aspire to work on diverse projects that challenge my problem-solving skills and allow me to contribute to the evolution of technology in meaningful ways.
